

ARGUS DATA VAULT

COMPREHENSIVE EVIDENCE MANAGEMENT

- Internally and externally share files securely and easily
- Full user and device operation audit trails
- Fully customizable to meet your agency's retention policies
- Supports both on-premises or cloud hosting

POWERED BY AI

- Automatic facial detection and redaction with the click of a button
- Redacted evidence files automatically associate with original evidence
- Redaction features are not outsourced or require additional fees

REALTIME MONITORING

- 4G livestreaming with Argus BWC and Argus ICV
- Live map view for GPS fleet tracking
- Customizable alerts from devices in the field
